

As well as our Consultant Education Officer's affirmation, governors proudly publish quotes from our latest performance assessment by Lincolnshire Learning Partnership.

**'East Pinchbeck School is outstanding in all areas.'**

'A great strength of the school is the way that systems and structures have been effectively embedded across the school. These are consistently implemented by staff and children understand, and can talk confidently about, them. Pupils' engagement with their learning was exceptional and engagement in nearly all the classes was outstanding. As a result the progress made by the children as seen in the books reflects the data available. During interviews the children spoke very positively about their learning, could talk about targets and felt that they had made good progress.'

'The school is currently leading a federation which includes two other local schools and is sharing this outstanding practice with them in order to develop their capacity. It is clear from the East Pinchbeck school improvement plan that they continue to build on their own outstanding practice. This will ensure that the quality of teaching and learning in the school will continue to be outstanding, confirmed by outstanding outcomes for pupils.'
