Thursday 28th February 2019

Dear Parents/Carers,

We hope you have all enjoyed the half term holiday and are continuing to enjoy this treat of warm weather. We have had some positive comments about our Take One Picture classroom exhibitions on the last Friday of term and we will plan in more open classroom events as the year continues.

As the new term begins there are a few polite reminders and diary dates for you.

After School Clubs

These change termly so that we are able to offer a variety of different clubs. There has been slight confusion this week, as children had been registered by parents on Parent Pay to attend two clubs on the same night or went to Kids Club, rather than attending the after school club. A register is taken at the beginning of each club, so it is vital that children attend the clubs that they are registered to do. If for any reason they no longer wish to attend a certain club, please notify their class teacher in writing.

Scooters and bicycles

With the wonderful weather it is great to see more and more children coming to school on their scooters or bicycles. We ask for your support in encouraging your child to walk down the passageway with them, particularly at busy times and once in the school playground, to ensure the safety of all children.

Attendance

The school gates are opened from 8:45am until 8:55am, when the children go straight into class and begin their morning activities – which support reading, maths and writing skills. This enables the children to begin their day calmly and be ready for the day ahead. When children arrive late, they not only miss these morning activities, but find it difficult to engage in the day ahead as they have missed the introduction to the day's learning. Please could we ask for your support in ensuring that your child arrives in school on time every day. If there is an exceptional reason why your child is continually late, please come into school and discuss this with us, so we can work together and support your child to ensure that they do not continue to miss out on the opportunities provided for them.

E safety

In light of all the recent e safety concerns, we would like to share with you...

Dear Parents,

When your children use the Internet to search for images for projects or anything related to school work, please encourage them to use _Kiddle_ instead of Google.

Kiddle is a child-specific search engine supported by Google, which prevents the appearance of things that are not suitable for them.
